

Portal User Account

What, why and the benefits of the change?

1. At registration, you will be able to identify if you already have an account to avoid creating a duplicate account. We have also updated our email response to be clearer if this is the case.
2. You have the option of adding a middle name to your account details so you don't have to enter both first and middle names in the 'First Name' field

Account details

Important note
Add your details below as they appear on your passport, driver licence, or other legal form of identification. Please make sure you have entered your details correctly as you will need to contact myworksafesupport@worksafe.govt.nz to make any changes.

First name*

Middle name (optional)

Last name*

Date of birth*
Day Month Year

3. The banner on Account Details page when you log in with RealMe without having a WorkSafe online service, will explain why you are being redirected, so you can create a WorkSafe online services account first.
